

# HydraBed Utility Systems: Contractor-Grade Performance

[hydrabeds.com/utility](http://hydrabeds.com/utility)

## Why You Should Get to Know Us

At HydraBed, we believe in creating innovative products that solve real-world problems and deliver real results. Our industry-leading truck-based, hydraulically powered reel-handling system is another problem-solver.

- We've been in business for nearly 40 years and shipped thousands of material-handling systems
- Our Industrial Systems Group is dedicated exclusively to the industrial equipment market
- Our ReelLift system helps you cut cable-handling time by up to 50%
- Our contractor-tested ReelLift system is built for the long haul
- Our goal is to help make every one of our customers more profitable
- Each of our products is backed by our 100% Reel Satisfaction™ policy

**If you're in the infrastructure business, we're here to help you do more!**

## The ReelLift System cuts cable-handling time by up to 50%!

The more efficient way to handle bulky reels of telecom and electrical cable, wire, fiber and conduit, ReelLift:

- Hydraulically lifts, positions and transports reels
- Has variable-speed controls to expedite cable payout, retrieval and figure-8 deployment
- Cuts job costs by reducing set-up, cable handling and takedown time by up to 50%
- Reduces the need for reel trailers and their added operating costs
- Turns your Chassis Cab into a complete reel-management system

Helping utility infrastructure workers, contractors and directional drillers save time and money, the ReelLift Reel Management System offers these benefits:

- Speeds workflow
- Increases profitability
- Enhances worker and public safety
- Improves traffic flow on busy roads

## Key Features

- Unmatched 5,000 lb. reel capacity handles wire, cable, conduit and more
- Variable-speed hydraulic controls expedite cable payout, retrieval and figure-8 deployment
- Integrated truck-bed design eliminates the need for a reel trailer
- Configurable layout leaves truck beds open to handle other jobs
- Built-in 20,000 lb.-rated hitch tows HDDs, excavators, vacs, etc.
- Contractor-tested quick-release axle security latch for safety and security
- Rugged hydraulic system with unmatched 5-year structural and 2-year system warranties
- Backed by HydraBed's nearly 40 years of quality and customer-inspired innovation
- Complete third-party installation kit with step-by-step guide and factory support
